## OUR GLORIOUS COUNTRY.

Have you watched its marvelous growth? If not, The Weekly Enquirer wants to study the strides it has made. The first census of the United States was taken in 1790. Since then every succeeding ten years. The result has been as follows:

Year.	Population.	Year.	Population.
1790.....	3,929,881	1880.....	31,443,321
1820.....	9,633,822	1870.....	38,558,371
1830.....	12,866,020	1890.....	62,622,250
1840.....	17,069,453		
1850.....	23,191,876		

Here you have the figures of a basis of calculation. The problem now is: What will be the population of the United States, excluding recent acquisitions. The result is usually announced in July of the census year. The WEEKLY ENQUIRER is anxious to engage all in a study of their country. To this end it will distribute cash amounting to \$25,000, for solutions received of the population of the United States Census, as follows:

To the first nearest correct guess received.	\$3,000.00
To the second.....	1,500.00
To the third.....	750.00
To the fourth.....	500.00
To the fifth.....	250.00
To the sixth.....	200.00
To the seventh.....	150.00
To the next 10, each \$100, amounting to.	1,000.00
To the next 50, each \$50, amounting to.	2,500.00
To the next 100, each \$25, amounting to.	2,500.00
To the next 500, each \$10, amounting to.	5,000.00
To the next 1,530, each \$5, amounting to.	7,650.00

2197 cash presents amounting to \$25,000.00

In case of a tie, money equally divided.

Every guess on the above proposition must be accompanied by a year's subscription to the WEEKLY ENQUIRER.

You can guess as often as you care to inclose subscription price to the WEEKLY ENQUIRER.

This contest will close a month before the result of the census will be known and officially certified by the Director of the United States Census at Washington, D. C.

Subscription price for the WEEKLY ENQUIRER (including guess) is only \$1.00 a year. Eleven copies and eleven guesses for \$10.00. For full particulars see WEEKLY ENQUIRER.
